
Subject: GM Oil Filter Application Change

On select GM vehicle applications, the FRAM® spin-on oil filter model number has changed to comply with GM requirements. For those applications, the FRAM® PH10060 is replaced with the FRAM® PH12060.

The FRAM®PH10060 will remain the appropriate filter for other GM applications.

Consult the FRAM® on-line filter catalog to assure that the correct filter model number is selected for all GM applications.

Engine and equipment manufacturer’s warranties remain in effect when using FRAM® filters.
